EXCITING KIDS ACTIVITY:

Growing Dreams! An Agriculture Inspired MLK Jr. Activity.

Martin Luther King Jr. planted seeds of justice and hope through his I Have a Dream speech.

Bring his legacy to life by engaging youth in a Dream Quilt activity where scholars express their hopes for food justice, sustainability, and a greener planet!

Happy Toddler Playtime

What You'll Need

Materials needed colored paper, markers, and glue for your fun-filled session.

How to make:

Follow these steps!

- Reflect on your dreams for a just and sustainable food system.
- illustrate your vision using drawings, words, or symbols!
- Use as many colors and patterns as you want, the more colors the better!
- Glue your quilt squares together to create a visual representation of your collective dreams!

EXCITING KIDS ACTIVITY:

Martin Luther King Jr.'s Dream Clouds
Create. Inspire. Dream Celebrate
MLK'S Legacy!

Learn about Martin Luther King Jr.'s speech & discuss how we can work toward equality!

Let's honor Black history through creativity and hope!

That Kids Craft Site

What You'll Need

Materials needed blue construction paper, cotton balls, markers and glue for your fun-filled session.

How to make:

Follow these steps!

- Glue cotton balls to create fluffy clouds.
- Write or draw your dreams for a better world inside the clouds.

EXCITING KIDS ACTIVITY:

Black Excellence Wall of Fame!

Rosa Parks, Fredrick Douglas, and Harriet Tubman, to name a few, are some of the most influential Black leaders of the Civil Rights Movement.

Encourage kids to learn about these influential Black leaders by creating portraits of them!

Happy Toddler Playtime

What You'll Need

Materials needed

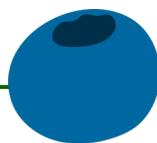

Paper, colored pencils, crayons, or paint, print outs or books for inspiration for your fun-filled session.

How to make:

Follow these steps!

- Choose a historical Black figure!
- Draw or paint a portrait of that person!
- Write a short description of their achievements below!
- Paint more than one, create your own wall of fame!

EXCITING KIDS ACTIVITY:

Blast Off with Dr. Mae Jemison!

Did you know Dr. Mae Jemison was the first African American woman in space?

She's a scientist, doctor, and astronaut who proved that dreams have no limits! Now it's YOUR turn to create your rocket and reach for the stars!

Happy Toddler Playtime

What You'll Need

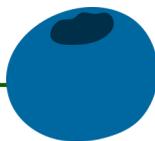

Materials needed colored paper, aluminum foil, scissors & glue, crayons/markers and paper towel roll for your fun-filled session.

How to make:

Follow these steps!

- Wrap the paper towel roll in foil to make your rocket ship.
- Cut and glue paper to add windows, wings, and flames!
- Decorate it however you like — get creative!
- Talk about Dr. Jemison and how she made history in space!

EXCITING KIDS ACTIVITY:

Garrett Morgan's Traffic Light invention!

Garrett Morgan was an inventor, businessman, and community leader!

Although he only had a sixth-grade education, his traffic light invention has contributed to the safety of drivers and pedestrians worldwide.

Woo Jr. Kids Activities

What You'll Need

Materials needed

Red, yellow, green, and black construction paper, scissors, glue, and a round cup to trace circles for your fun-filled session.

How to make:

Follow these steps!

- Cut your black construction paper in half length wise
- Trace or cut out a circle on the red, yellow, and green paper
- Add glue to the back of each circle
- Glue the circle onto the black paper starting with red, then yellow, then green, just like a traffic light!
